

ENROLLMENT SUPPORT

*From IHCA
Provider Solutions*

Simplify Medicaid enrollment. Streamline admissions. Protect revenue.

Enrollment Support, offered through IHCA Provider Solutions, equips long-term care providers with the tools and services needed to **efficiently manage Medicaid applications and admissions.** Facilities can use the full package or select only the services that fit their operational needs — all at no out-of-pocket cost to the facility.

MEDICAID ENROLLMENT MANAGEMENT

The Enrollment Support team handles the entire Medicaid application process for referred residents — **from submission to approval.**

Included services:

- Completion and submission of initial Medicaid applications
- Responses to Requests for Information (RFIs)
- Management of annual Medicaid recertifications
- Timely submissions to help minimize reimbursement delays
- A financial application to estimate application processing time
- Real-time tracking of Medicaid-referred residents

COMPREHENSIVE ADMISSIONS PLATFORM

An all-in-one platform simplifies the admissions process, eliminating the need for multiple calls, emails and manual verifications.

Platform features:

- Insurance and payor source verification
- Admission and eligibility verifications, including PASRR enrollment
- Electronic generation of admission agreements
