

REMOTE MDS SERVICE

*An MDS Support Service
from IHCA Provider Solutions*

In need of an MDS coordinator or additional MDS support? Our experts can help.

How it works

Through IHCA's Remote MDS Service, IHCA's team of expert consultants **complete your facility's MDS assessments remotely** and **develop care plans** that align with the MDS. Additionally, should the need arise, IHCA consultants can conduct MDS assessments on-site.

How it helps

While IHCA's Remote MDS Service is not intended to be a permanent staffing solution, it can assist you in **tackling staffing challenges** by filling temporary gaps to maintain **timely and accurate MDS submissions**.

What you receive

- Remote **completion of your facility's MDS assessments** by IHCA's expert consultants
- **Care plans** developed by IHCA's consultants that align with the MDS
- **MDS assessments conducted on-site** by IHCA's consultants, should the need arise
- **Assistance in tackling staffing challenges** by filling temporary gaps to maintain timely and accurate MDS submissions
- Expert feedback on **PDPM scoring** and expert guidance to **maximize QM outcomes**
